Business men and farmers should combine and organize a corporation and erect an ice plant, creamery and a flouring mill. Such an enterprise would be of vast importance to the valley.—Florence Tribune.

L. A. Lovell, Wells, Fargo & Co.'s agent in Phoenix, will leave with his family tomorrow for a fifteen days visit with relatives in Tucson. Mr. Lovell is a son of Judge W. M. Lovell, the well known Tucson attorney.

Rain fell in several localities in southern Arizona Saturday night, and a few drops fell in Tucson. It will require a heavy rain to settle the dust problem here unless the street sprinkler comes to the rescue.—Tucson Citizen.

Hogan, the "phenomenal" short stop of the Los Angeles team, who remained in this city when the Los Angeles team returned, has been signed to play with the Phoenix team. He went to Phoenix this morning.—Tucson Citizen.

W. P. Woods left yesterday for a month's visit to Lafayette, Mo., his boyhood home. The one object outside of visiting the old home is to find a good school in which to educate his little daughter, as he proposes placing her in some eastern school next year.—Tucson Star.

After a lingering illness of several weeks Albert, the 16-month-old son of Mr. and Mrs. H. W. Green, died on Thursday, September 28. It was the first death to occur in Camp Huachuca, and in their bereavement the parents had the sincere sympathy and help of every one.—Tucson Star.

It is reported that the A1 Cattle company has sold its land around Flagstaff to Michigan capitalists for \$140,000. The sale was promoted by Captain A. E. Macomber of Flagstaff. The purchasers propose to put in a large saw mill plant at Bellemont, a large portion of the land being very heavily timbered.

The territorial grand jury made a partial report this morning, returning indictments against J. C. Brown, Ricardo Amabile and Leandro Imperial. Brown is the respondent in the notorious forgery case, says the Tucson Citizen. Amabile and Imperial are charged with having committed an assault with a deadly weapon upon Abram Molina.

It can be stated upon information received from reliable official authority that for the present there will be no

EL PASO TRAGEDY

Edward E. O'Connor Fatally Shot by a Mexican.

Edward E. O'Connor, brother of County Treasurer John P. O'Connor and one of the best known and best liked young men in El Paso, was probably fatally shot by a Mexican at 7:55 o'clock Sunday night, says the El Paso Herald.

The shooting occurred at Phil Young's cafe and was so sudden and unexpected that no one could say positively who was the guilty party.

It was probably owing to this that a lynching was averted last night. An angry mob, however, surrounded the jail until a late hour and had the guilty man been positively identified his chances for a leap into eternity would have been exceptionally good.

So far as could be learned the shooting of O'Connor was utterly unprovoked and the party who committed the deed had no earthly excuse for the act. O'Connor, it seems, had fallen out with Carmen Hernandez, who operates a hack.

Yesterday the young man and several friends engaged the hack to convey them to the ball park and return. On the return trip a number of other persons, it is said, crowded into the vehicle and after reaching town the driver demanded that O'Connor pay for these. This he declined to do and afterwards went into Young's saloon.

While standing near the wall, and facing a late hour and had the guilty man been positively identified his chances for a leap into eternity would have been exceptionally good.

O'Connor paid no attention to the Mexicans until Hernandez began to argue with him again relative to the hack fare. The Mexican grew insolent and applied a vile epithet to the young man, speaking in Spanish.

Quick as a flash O'Connor knocked the man down and the force of the blow was sufficient to render the Aztec unconscious.

The next instant one of the Mexicans in the crowd at the bar leveled a pistol at O'Connor's head. There was a flash and a report and a panic. O'Connor fell to the floor and the crowd surged about him until finally several persons had enough presence of mind to lift up the prostrate man and call a physician.

Half a dozen policemen crowded into the saloon and at least a hundred others. The crash was tremendous and no one seemed to know who had done the shooting.

A short while after the shooting O'Connor again made his appearance in the vicinity of the cafe. He was found mingling with the crowd on the sidewalk in front of the saloon and arrested by Constable Henry Gray. For a time it looked as if he would be taken from the office and lynched by the angry mob, but it soon became known that he was not the man, but that the shooting had been done by the boy Garcia.

Cobas was then hurried to the city jail and officers started for Garcia's home to arrest him. On the way they were met by the boy Garcia, who said that his son had done the shooting and that he wanted to surrender him.

Fears of lynching were so great that the boy's father had asked Ike Alder to accompany him and both asked that the lad be surrendered to the sheriff. This was agreed to and Sheriff Boone was called from his home and with Constable Ten Eyck took the youth to jail.

ROUGH RIDER COLLIER.

Though Guilty of Burglary May Escape Punishment.

Postoffice Inspector Waters is in the city making every effort to secure requisition papers for E. G. Collier who escaped from jail here on June 24, says the Albuquerque Citizen. Collier was under arrest in Los Angeles for robbing the Las Vegas postoffice but cannot be held longer than September 30, as the evidence is not sufficient under the charge. There exists, however, positive proof that he robbed the Colorado Southern railroad company's safe at Trinidad, a greenback of a known date and number having been found on his person when arrested here for robbing the store of H. Simpson, and if Detective Reno can reach Los Angeles by the last day of the month Collier can probably be brought back to the territory. If not the chances are he will be set free. If any of the articles stolen from Simpson could have been found on him or traced in such a way as to fasten the robbery upon him, District Attorney Phipps says he would have him arrested and brought here, but in the absence of any such evidence he does not feel justified in taking any action.

There is no doubt of the guilt of Collier of every charge preferred, but he is smooth and dangerous and knows how to take advantage of the technicalities of the law.

DANDRUFF IS CONTAGIOUS

The Experiments of Dr. Fahrig, of Paris, Conclusively Prove That Dandruff Is Caused by a Microbe Which Can Be Transferred From One Person to Another.

DANGER OF RACE BELONGING BALD One or Two Generations of Dandruff-Wakened Follicles Will Cause Baldness to Become Hereditary in the Family.

THE MICROBICIDE AND HAIR FOOD How to Destroy the Microbe of Dandruff, Stop Falling Hair, Prevent Baldness and Premature Gray Hair by Scientific Means.

FREE HAIR FOOD TO OUR READERS

It has been positively demonstrated that the disease known as "scurf" or "dandruff" is contagious. First by the experiments of Messrs. Lassar & Bishop, and then confirmed and perfected by the eminent Dr. Fahrig, of Paris, who has succeeded in isolating the microbe, a photograph of which is here shown.

THE DANDRUFF MICROBE which caused dandruff, followed by Falling Hair and Finally Baldness. From Photo-Micrograph by Dr. Fahrig. (Copyright 1899)

The importance of this discovery cannot be over-estimated. Its results upon modern methods of hair treatment are little short of revolutionary.

It is an explanation of why ordinary tonics, pomades, oils, etc., are of absolutely no practical use in the cure of dandruff and prevention of baldness, because nothing but a scientific microbicide specific for the hair microbe will destroy the real cause of this dangerous disease.

Your hair derives nourishment from various blood vessels in which the hair grows. The real root of the hair is at the bottom of this sheath and the hair rests on it. The sheath surrounding the hair is the abode of the microbe.

Nearly all the different diseases of the hair are caused by the microbe.

It gradually mines away the vitality of the hair.

When the root is destroyed the hair falls out, and when all the roots of your hair are dead you become bald.

It is just this microbe that we are now seeking to destroy with the aid of the formula originated by Dr. Fahrig, after an exhaustive study of the microbe he discovered.

CRANTONIC HAIR FOOD will do it. It not only destroys the microbe, but it furnishes food and nourishment to the hair root weakened by the attack of the microbe, and thus feeds the root back to perfect health.

Split hair, harsh hair, lusterless hair, brittle hair, falling hair, premature gray hair can all be cured with Cranton's Hair Food.

The scalp is cleansed from dandruff and made permanently clean and well by it.

The itching and irritation can be instantly relieved and positively cured.

All by killing the microbe and with Cranton's Hair Food feeding the hair back to health.

Unlike other preparations Cranton's Hair Food contains no oil, grease or heavy poisonous mineral ingredients.

It is not sticky, will not clog the scalp or stain the clothing, but is perfectly free from dye matter or any deleterious ingredients.

FREE HAIR FOOD. All who wish to save their hair and grow more, can get a bottle free, by mail, prepaid, with full directions for use, and a free report on the condition of their hair, after scientific microscopic examination has been made, by enclosing 10 cents in stamps or silver, sending name, age and address.

Full description of the present condition of the hair and scalp to the Cranton's Hair Food Co., 358 Temple Court, New York.

REMEMBER, "THERE IS A SLOWNESS IN AFFAIRS THAT RIPENS THEM AND A SLOWNESS THAT ROTTS THEM."

We address ourselves to the hundreds of thinking men and women looking for homes in Phoenix, as well as to those living in adjacent mining towns and other places in the Territory, asking them this important question at this opportune time: WILL HISTORY REPEAT ITSELF IN YOUR CASE?

"If I had invested a hundred dollars, sir, in San Francisco real estate in the early days and hung on all now, I'd been worth my millions to-day. Just think of it!" Point out the man on the coast who has not heard a "Friscan complaining of his luck some what as above. In Chicago, Los Angeles, Denver, Omaha, Kansas City, and almost every town and city in the west you meet with the same weeping and wailing and gnashing of teeth, and so, indeed, in the vicinity of all our rapidly growing centers. Never have "coming events cast their shadows before" with the same marked outline coupled with intrinsic merit as in the infant city of Phoenix and Salt River Valley, yet will history repeat itself here. Many will be the lamentations in less than a short year to come, about the "golden opportunity lost."

"Be wise today! 'Tis madness to defer; next day the fatal precedent will plead—thus on till wisdom is pushed out of life."

300 CITY LOTS, 50x132 FEET, FIVE MINUTES' WALK FROM COURT HOUSE. No street car required. First class streets and avenues. Every lot elegantly situated and perfect; no ravines or broken lands; now offered at prices that simply defy competition and can never be duplicated in Phoenix, viz: AT \$65 AND UP TO \$200 PER ACRE. ON INSTALLMENT PLAN, MONTHLY PAYMENTS OF \$5.00 TO \$10.00 EACH. NO INTEREST ON DEFERRED BALANCES. TITLE UNITED STATES PATENT.

We address ourselves particularly to people paying rent—exorbitant rent—for poor accommodations. Both in houses and rooms, every old place which is a practical waste when paid for the permanent settler. This offer cannot last long. Hence, to the renter of houses and rooms we say—COME AND SEE US! You are now wasting from \$12 to \$20 per month in rent. Buy a family lot and live on your own property until you decide later on to build or sell your lot at a big advance, thus saving not only money, but owning a lovely home for what, otherwise, would go to a landlord. This information is an "angel's visit" to the saving wife and a pointer to the industrious young man and woman working for a monthly wage. It's a good thing.

The New Palestine tract is, without any exception, the finest in or to Phoenix. Its assessed valuation in 1898-9 was \$25,000. It is in the very heart of the manufacturing and business district, viz: ON CENTER STREET, FIRST, SECOND, THIRD, FOURTH, FIFTH, SIXTH AND SEVENTH AVENUES, AND IS THE ONLY SANITARY SEWERED TRACT IN OR TO THE VALLEY.

The New Palestine tract alone advertises its terms and price in the daily press, so that he who reads can know for himself without the aid of the Phoenix curbstone real estate or commission man, to which our office pays no tribute.
